PREPARATION

Make one copy of the worksheet for each group of up to ten students. Cut the cards out as indicated.

TIME

15 to 20 minutes

PROCEDURE

- 1 If there are more than ten students in the class, divide them into groups. Give one card to each student in the class.
- 2 Tell the students that they are responsible for finding the answer to the question on their own card by speaking to everybody in their group. Make sure the students know how to formulate the question correctly.
For example:
Student A: *What do you do to relax?*
Student B: *I listen to classical music.*
What do you do to keep fit?
Student A: *I walk to work every day.*
- 3 Now ask the students to go round the class or group asking and answering questions. Tell them that they may need to make notes on a separate piece of paper.
- 4 When they have spoken to everybody in the class or group, they should take it in turns to report back to the class or group on the information they have found out.

FOLLOW-UP

Ask the students to work with one or two other students in their group and to write the information they have gathered on a poster to be displayed in the classroom.

For example:

*Several people in the class watch television to relax.
Pobchai paints, Marie-Louise listens to classical music
and Yuko does yoga.
Salmina, Miki and Carlos go to the gym to keep fit.
Bruno and Ahmed play football, and Elif walks to
work every day.*
