ACTIVITY

Pairwork: speaking

AIM

To identify and correct grammatical mistakes in sentences.

GRAMMAR AND FUNCTIONS

Revision

VOCABULARY

Revision

PREPARATION

Make one copy of the worksheet for each pair of students and cut it in half as indicated.

TIME

30 minutes

PROCEDURE

- 1 Divide the class into Group A and Group B.
- 2 Give one copy of Student A sentences to each student in Group A and one copy of Student B sentences to each student in Group B.
- 3 Ask the students to work with one or two other students from the same group. Tell them that some of their sentences are correct, while some of them have a grammatical mistake in them. They should decide whether the sentences are grammatically correct and make corrections where necessary. The students should discuss the sentences in their pairs or groups, but all the students should write corrections on their own worksheets.
- 4 When they have done that, ask the students to work with a partner from the other group (ie a student from Group A should work with a student from Group B). They should compare their sentences. Student A has the correct form of sentences which are grammatically incorrect on Student B's worksheet and vice versa. This means that the students should be able to correct one another at this stage.
- 5 Check that the students have identified the correct versions of the sentences.
