

Nails Trick

Balance all 14 nails on the head of one nail and impress your mates with your ability to defy gravity.

www.sciencemuseum.org.uk/launchpadeducators

Grab this stuff...

1
Balance a nail across the one standing up on your piece of wood.

2
Take the balanced nail off and lay it on the table. Try to balance the other nails on it. Save one nail.

3
Use the last nail to hold down the nails lying across the first nail.

Give it a spin!
