Is Playing Video Games Good for You?

Ruby, 10

Playing video games teaches you to solve problems. When you play with other people, you get good at teamwork, too. Video games can help you be more creative. I play video games after school because it's relaxing.

Lucas, 11

Playing video games stops you from doing more important things. Sometimes I play video games for hours. I don't do my homework, and I go to sleep late. Sometimes I don't get outside to exercise. My family and friends want me to stop playing and spend more time with them.

- C. Read the opinions in B again. Think and respond.**

1. Is your opinion similar to the opinion of Ruby or Lucas?
2. What reasons does each person give to support their opinion?
3. Do you agree or disagree with any of their reasons?
4. Did Ruby or Lucas's opinions or reasons change your mind about playing video games?
