

## Digital storytelling—Intermediate

### Let's discuss

#### A Read the text and answer the questions.

Digital storytelling is the practice of using digital tools to tell stories that usually contain a mixture of images, text, recorded audio narration, video clips and music. Most digital stories last between two and ten minutes and are told in an informal manner. A digital story is meant to communicate personal feelings about a topic or person.

1. What types of media can a digital story contain?
2. How long do they normally last?

### Let's analyse

#### B Look at an example of a digital story. Answer the questions in groups.

1. Have you ever watched CSI? Where is the TV series set?
2. Which of the following has been used in this story: images/text/audio narration/video clips/music?
3. What do you think this digital story will go on to tell us?
4. What else do you know about CSI?

## Let's do it!

- Step 1** Go online and search for a digital storytelling tool.
- Step 2** Choose a TV series to write your digital story about.
- Step 3** Use a search engine to find out information about your chosen subject. Look for digital photos to go with your main ideas and remember to add music or audio narration to your story!
- Step 4** Put all of the elements together.
- Step 5** Once you have finished, share the link of your digital story with your teacher and classmates.
