

Digital stories—Elementary

Let's discuss

A Read the text and answer the questions.

Digital stories use online tools to tell stories. Digital stories usually contain a mixture of images, text, recorded audio narration, video clips and music. Most digital stories are between two and ten minutes long and their style is informal. A digital story is meant to communicate personal ideas about a topic or person.

1. What types of media can a digital story contain?
2. How long do they normally last?

Let's analyse

B Look at the digital story about Taylor Swift. Answer the questions in groups.

1. Do you know who Taylor Swift is? What does she do?
2. Which of the following do you think will be in this story: images/text/audio narration/video clips/music?
3. What do you think this digital story will tell us?
4. What else do you know about Taylor Swift?

GLOSSARY

Audio narration: the telling of a story using audio.

Let's do it!

Step 1 Go online and search for a digital story creator.

Step 2 Create a digital story about the person you admire the most.

Step 3 Use a search engine to find out information about the person you chose. Look for digital photos to go with your main ideas and remember to add music or audio narration to your story!

Step 4 Remember to use the correct vocabulary and structures to describe the person's life.

Step 5 Put all of the elements together.

Step 6 Share the link to your digital story with your teacher and classmates.
