Pairwork Rules

Pairwork Rules

Level: Elementary

Age: Children (Primary)

Time needed: 10 minutes

Aim: To build a respectful environment

Skills: Vocabulary, Listening, Speaking

Materials needed: Fragments of the poster,
rules icons

Instructions:

- 1 Print and cut each fragment of the poster.
- 2 Print and cut the cards and set a special place for them.

How to use it?

For the first time, you can ask students to build the poster so that you can put in a special place. Let them choose the place so that they feel involved in class decisions. Explain it has to be a place where they can see it easily.

This poster can be used to establish a routine every time you work in pairs. Ask four students to take the cards and paste them in the poster correctly. Then, review each rule one by one. You can ask students to mime both appropriate and inappropriate behaviours as a demo.

You can use the poster to get students attention when they are not following one of the rules. This can help you keep attention and respect in the class in a kind way.
