Song lyrics

I miss my family, my family, I do
 I miss my family, my family, I do

My mother, my father, my sister and brother too
 My uncle and auntie, grandmother, grandfather and all of my
 cousins too

I love my family, my family, I do
 I love my family, my family, I do

My mother, my father, my sister and brother too
 My uncle and auntie, grandmother, grandfather and all of my
 cousins too

We love our families, our families, we do
 We love our families, our families, we do

We love our families, our families, we do
 We love our families, just like you
